

CALL FOR NCLN BOARD NOMINATIONS

Happy Fall, It is time to nominate officers for the North Carolina League for Nursing Board of Directors

Members are encouraged to self-nominate or suggest candidates for the 2021 elections for Officer and Board Member positions on the NCLN Board of Directors. Terms are three years in length for Officer positions and two years in length for Board Member positions. This year we seek six Board Members and one officer, the President-Elect.

It is important to nominate a wide range of candidates to ensure that the ballot represents the diverse backgrounds and fields of expertise of the membership. It is also important that multiple regions of the state are represented.

Proposed candidates should have knowledge of the League, be league members, and support quality nursing education and service. They should represent a variety of interests such as nursing and interprofessional education, diversity and the business and public affairs communities.

The Nomination Process

To nominate a candidate, please provide the Nominations Committee with the following:

- The candidates' contact information including name, address, email address, place of employment and position title.
- A short statement telling why you would like to be elected to the Board of Directors. This will be used on the ballot.
- A headshot or other picture to be used on the ballot

Please send this information to Chassity Speight-Washburn (cspeight-washbur7545@stanly.edu) **by November 8th**. Please put NCLN Nomination in the subject line.

Committee Representation

We currently seek members for all committees including: Membership, Website and Social Media, Membership Recruitment, Workshop, and Nominations Committees.

Committee membership is not an elected position and has a shorter duration (a 1yr commitment (e.g. 2022) but can be longer if you are interested in continuing as an active committee member). Please contact Julie Hinkle athinklej@uncw.edu with your interest in a committee membership.

If you are new to nursing education or have limited time, committee membership is a terrific way to be involved with nursing education in North Carolina!

NCLN Election: Nominate / Vote

6 Board of Director positions!

Committee Member openings!
